3. Update regarding secularisation of State subcommittee
A subcommittee was established, tackling the issue of whether Malta should move towards the secularisation of State. A report is being drafted, analysing every aspect that comes into play when tackling the issue and it will eventually be sent to all organisations to decide whether you should support it or not.
4. Legalisation of marijuana subcommittee
A subcommittee meeting was held and it was concluded that more research needs to be carried out and that is how we're moving forward with this topic.
5. Update regarding Pembroke development plans
During the last meeting we mentioned the prospect of having a discussion on the pembroke school being built on Outside Development Zone. We attended a meeting with Front Harsien ODZ and they're currently preferring to focus on Zonqor, therefore from their end nothing is being done on a national level.

Naomi Baldacchino (TSA): Why don't we call for a public debate?

JC Fenech (SIERA): It needs to be looked at from the perspective of all entities involved. Maybe we should gather opinions from a university perspective university perspective or even a broader scale.

Gabriella Sutton (Commissioner): We will be sending out an email to see how we can approach this.

6. Times of Malta supplement
Gabriella Sutton (Commissioner): We will be sending out an email regarding the Times of Malta supplement. Those of you who haven't sent us an email yet, kindly

send us a 50-70 word description and the logo of your organisation by the 15th of September.
